

BEAVER VALLEY AGE FRIENDLY COMMUNITY

JUNE 2021 AGE FRIENDLY NEWSLETTER

Did you know Beaver Valley Age Friendly is 11 years young! Our lunches and coffees are possible through Columbia basin Trust grants. Atco Lumber and Columbia Power are huge sponsors of our Christmas lunch and our Easter lunch. With out these three contributors our lunches and coffee's would never happen. Our senior coffee group identified the need for special program funding and this is where we spend donations left in the donation tin at our lunches. Our Beaver Valley Seniors chose this as a way to pay it forward so we can do fun things like bus tours to see the Gold Fever follies, a wine tour in Creston, first aid training. One of the reasons our Beaver Valley Seniors Program has been so successful the past 11 years is that our seniors run this program with guidance from an Age Friendly Coordinator. We have never needed to charge for our lunches due to our Sponsors and Columbia Basin Trust. We have included our financial statements showing what we have in our programming fund. Covid has prevented us from using the programming money.

May's lunch served 173 take away lunches. Our next take away lunch is June 15, 2021 please phone the Fruitvale Village office at 250-367-7551 and register on or before June 9, 2021. Please pick up your lunch at 12:30-1:00pm. Just a friendly reminder there are no lunches in July or August.

Our **Pay it Forward Contest** has come to an end I would like to congratulate Tyler Dalton and Marci Brooks as they are the lucky winners of the prizes donated by The Village of Fruitvale and Regional District Kootenay Boundary Area 'A' Ali Grieve. A huge thank you to all of you for participating in this contest.

Our **Beaver Valley Connecting Generations thru Letter Links** has been a huge success! Thank you to Area 'A' Director Ali Grieve & The Village of Fruitvale. This program will continue as it has been very rewarding to both our seniors and our students! Thank you Danielle Morissette for working with us to ensure this was a very successful program.
