

Village of Fruitvale

5 Year Financial Plan

2014-2018

- ❑ What is a Financial Plan
 - ❑ Required under the Community Charter
 - ❑ Future planning for works and services
 - ❑ Maintaining current service levels
 - ❑ Consider future service requirements and costs
 - ❑ Enhance services, programs and lifestyle
 - ❑ Public consultation
 - ❑ To be transparent
 - ❑ To be accountable to taxpayers

□ Current services provided

□ Transportation – including streets & roads

- Snow plowing & clearing, salting, sanding
- Road patching, grading, gravel, brushing, dust control
- Sidewalks, boulevards, streetlights, signage

□ Health & Safety

- Sanitary sewer collection & treatment, storm drainage, flooding
- Water treatment & distribution (for RDKB)
- Solid waste collection (both residential & business)
- Cemetery

□ Current services continued....

□ Protective services

- Bylaw enforcement, animal control
- Community planning, building inspection
- Policing (Provincial /RCMP)
- Emergency planning & management

□ Lifestyle enhancement

- Parks, recreation, and programming (BV Youth, Age Friendly, other leisure activities, playgrounds, sport fields etc.)
- Ongoing recreation, trails & walking paths improvements
- Community beautification (hanging baskets, mowing, weed control, Xmas lights)
- Community spirit, communication and events
 - (Canada Day, Jingle Down Main, May Days support, grants in aid, etc.)

□ Future service planning

□ Infrastructure renewal

- Water systems (through RDKB)
- Liquid waste (sewer) collection and treatment system
- Storm water and drainage
- Street repaving
- Sidewalk repair and maintenance
- Replacing parks structures

□ Who provides services?

- Some Village, some shared regionally with other communities and electoral areas where financially advantageous
 - Transportation – all Village costs except for Hwy3B
 - Sewer, drainage, garbage collection – all Village costs
 - BV Water Service – Village operates it for the RDKB and it covers some Village, some RDKB Area A. Other parts of the Village are serviced by Beaver Falls Waterworks District
 - Cemetery – Village owns and operates it with a grant from RDKB
 - Recreation, Regional Parks & Trails – RDKB (members are Fruitvale, Montrose and EA A)

- ❑ Who pays for the services, and how?
 - ❑ Regardless of who provides the services, the costs are on the tax notice.
 - ❑ When the services are provided regionally, financial input is through your Regional District Director. Our share of the costs are then “requisitioned” by the RDKB from the Village, and tax rates are set in order to collect the necessary amounts.
 - ❑ When the services are provided by the Village, Council determines the level of service based on public expectations and staff recommendations.

- Who pays for the services, and how?
 - Other levels of government and quasi-governmental organizations also receive their revenues through the Village collecting their taxes
 - School taxes
 - Policing taxes
 - Regional Hospital District requisition
 - BC Assessment Authority
 - Municipal Finance Authority
 - The amounts collected are shown in charts later in this presentation and may vary year to year based on what the assessment changes are in the Village compared to assessment changes in other areas of the Province.

□ Taxation Background

- Stable economic base and population, we did have some increased residential assessment this year due to new construction
- Changing demographics – aging population but still significant family and youth influence
- Tax base is 95% residential base, less than 5% business and no industrial base at all, small amount of utilities (Fortis, BNSF and Telus).
- Slow development, small assessment increases, few infill opportunities, small geographic area and no room to expand except through annexation of electoral areas or amalgamation
- Service level expectation is high

- ❑ Taxation Strategies (these only apply to VoF services)
 - ❑ Support business by maintaining tax ratio levels (Village does not set assessments, but does have some control over the ratio between classes)
 - ❑ Maintain service levels, evaluate fee for service annually
 - ❑ Limited tax to 1% increase on Village levies
 - ❑ Share services where financially advantageous
 - ❑ Actively seek grants from governmental as well as non-traditional sources
 - ❑ Form community partnerships to facilitate services

VoF 5 Year Financial Plan 2014-2018

This table shows that the amount charged to each assessment class has remained relatively constant from 2013 to 2014, varying only a fraction of a percent.

Comparison of Taxes Raised (by Assessment Class)

<i>Class</i>	<i>2013 \$</i>	<i>%</i>	<i>2014 \$</i>	<i>%</i>
Residential	2,042,419	87.17%	2,028,977	87.31%
Utilities	69,025	2.95%	65,930	2.83%
Business	230,387	9.83%	227,922	9.81%
Farm	1,112	0.05%	1,144	0.05%
	\$ 2,342,943	100.00%	\$ 2,323,973	100.0%

Where the money comes from:

2014 All Revenue Sources - \$4,177,346

Government Grants
(federal, provincial
and regional)
\$1,275,336 or
30.25%

All property tax
levies
(provincial, regional
and local), \$2,309,23
or, 55.28%

Fees for Service
\$481,457 or 11.42%

Transfer from
Reserves
\$111,320 or 2.64%

VoF 5 Year Financial Plan 2014-2018

Where Your Taxes Go

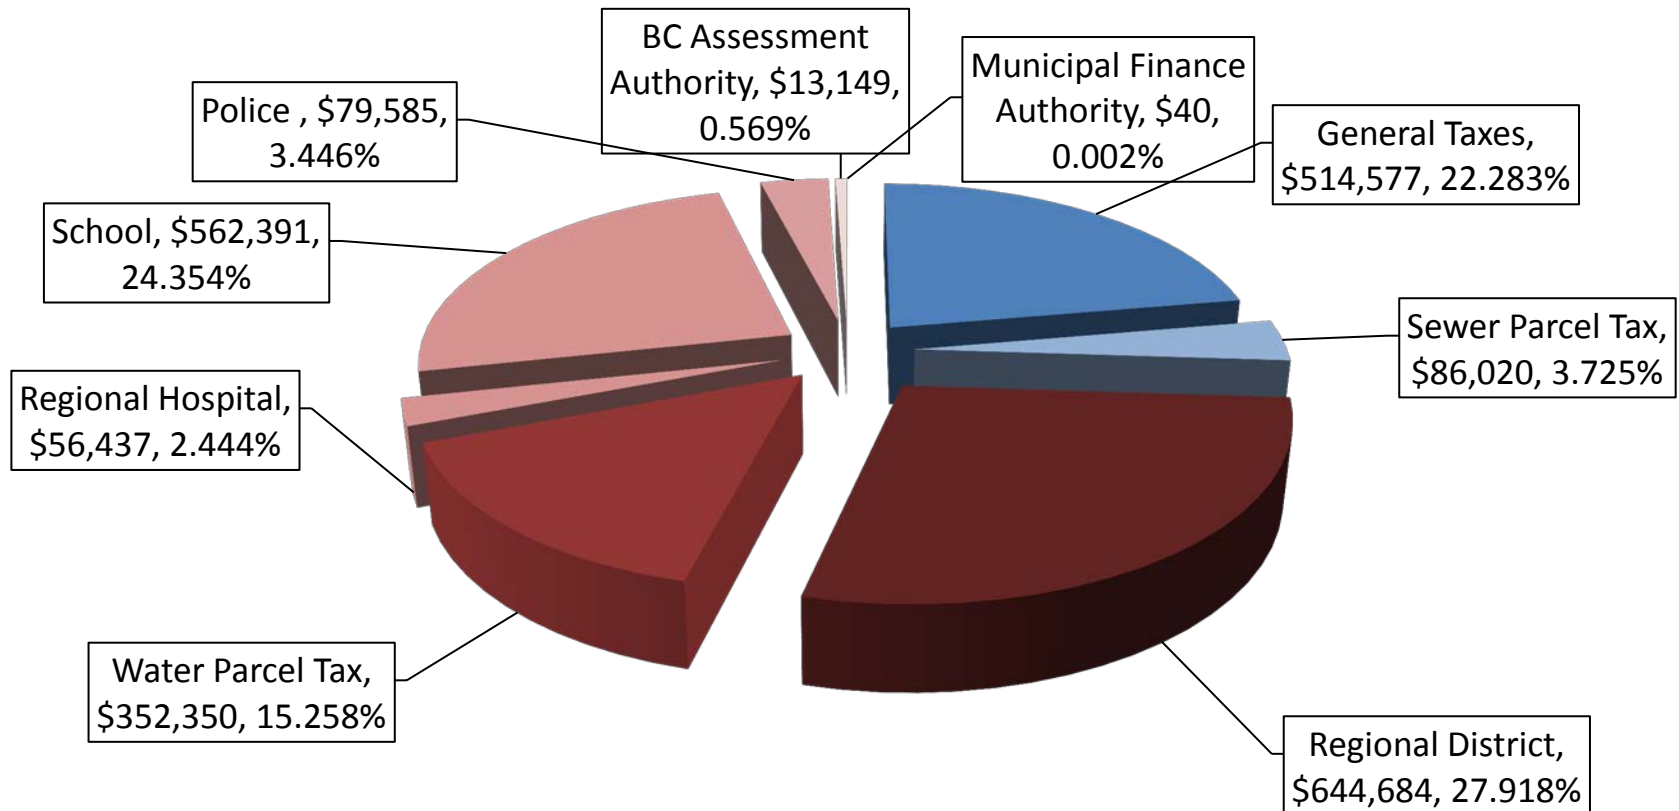

VoF 5 Year Financial Plan 2014-2018

Where your actual tax dollars go:

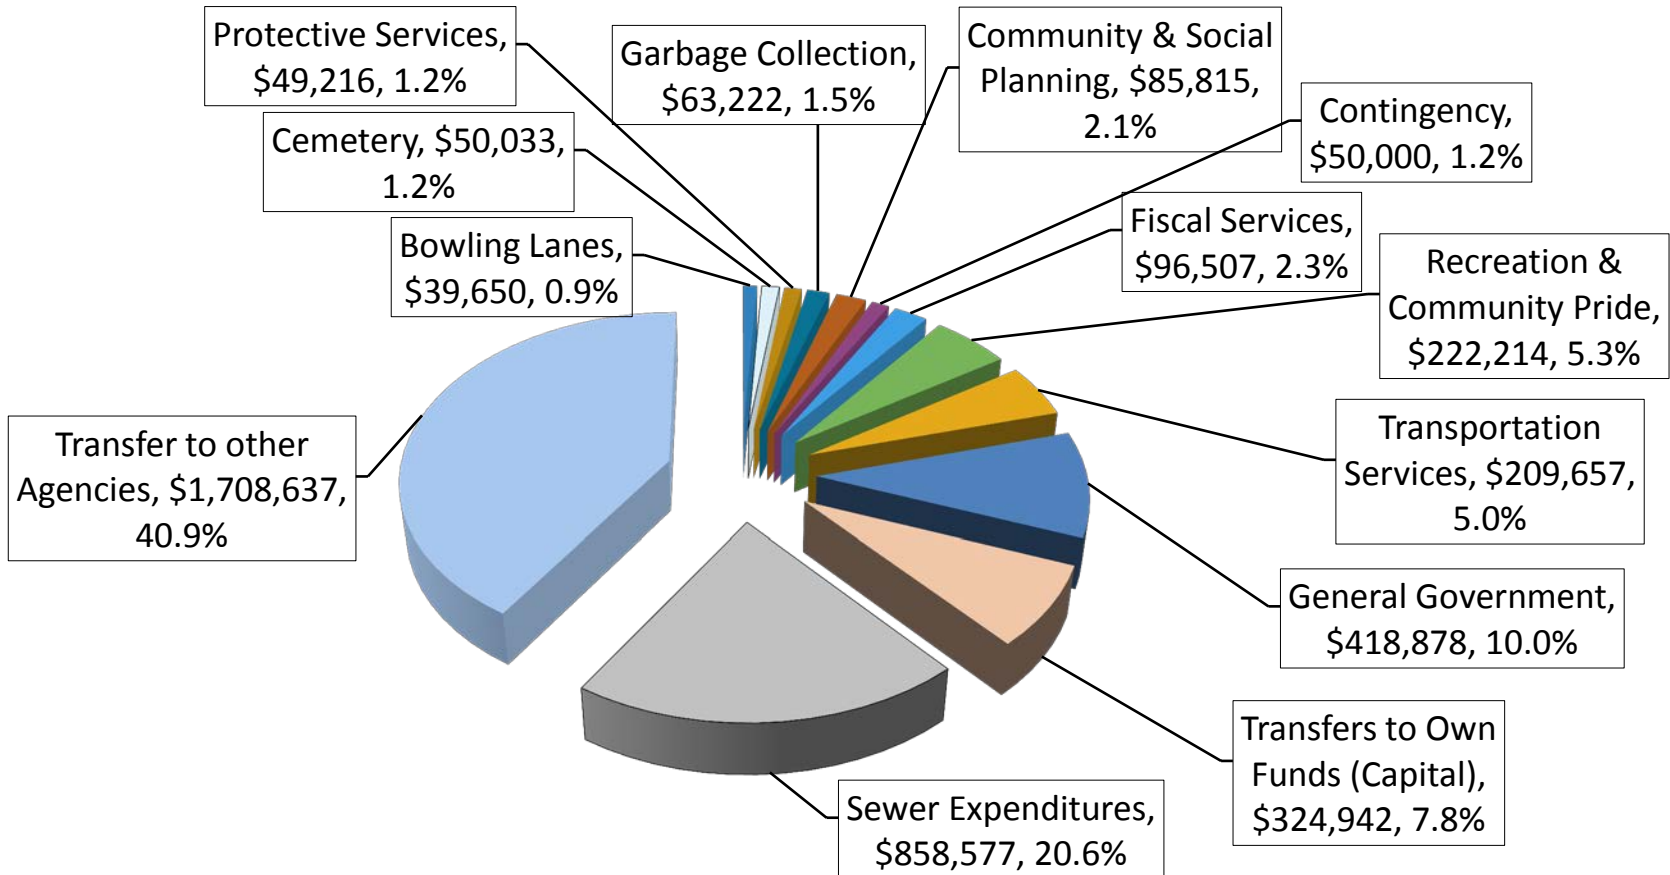

2014 Property Tax Levy - \$2,309,233

Where the money goes:

2014 Budget Expenditures - \$4,177,346

Comparison of Tax 2014 over 2013

RESIDENTIAL TAX COMPARISON YEAR TO YEAR					
		2014	2013	DOLLAR CHANGE	PERCENT CHANGE
Assessment		\$209,816	\$209,475	\$341.00	0.16%
General Municipal		\$569.44	\$566.38	\$3.06	0.54%
RDKB		\$681.90	\$720.87	-\$38.97	-5.72%
RD Hospital		\$59.69	\$73.28	-\$13.58	-22.76%
School		\$601.98	\$602.81	-\$0.82	-0.14%
