

WATER RESTRICTIONS

BEAVER VALLEY WATER SERVICE

Water restrictions have changed to Level 3. BV Water Service residents are limited to an hour in the morning and evening (8 to 9 am and pm), **odd house numbers water on MONDAYS and THURSDAYS ONLY**, **even house numbers water on TUESDAYS and FRIDAYS ONLY**. **One sprinkler at a time only.** Hand watering of your garden is allowed with a spring loaded hose nozzle.

For those with an in-ground irrigation system, the rules are **odd house numbers water on MONDAYS and THURSDAYS ONLY**, **even house numbers water on TUESDAYS and FRIDAYS ONLY**, but you are limited to 2 - 4 am, 20 minute maximum interval per zone. **This means if you have more than 6 zones, you will have to reduce the time per zone as you cannot exceed the 2 hours.**

The flow meters are still showing significant water usage between midnight and 7 am, which is likely misuse by automated irrigation systems. Please ensure your in-ground irrigation system is programmed correctly.

These restrictions will be strongly enforced. If the situation does not improve, we will move to the next level of restrictions. Thank you for your cooperation.
